*I have known penny since the day i was born. She was my dads bestfriends wife from childhood. If no one thing she loved her kids and Danny joe more than anything on this earth. She loved to smile great big. I can remember going to the house as alittle girl and hearing her laugh so big bc she always happy with her family. I havent seen her as ive grown older. I truly will miss her and pray for comfort for Danny joe and her children. Penny ill never forget you. Thanks for all my amazing childhood memories. I sure missed going fishing with yall when we got older.I love you without a doubt that will never change. You had the best heart and intentions and i cant ever thank u enough for that penny. *My dearest mother in law, i will always remember a random day in August where you barged into my room and threw a whole bunch of squishmallows on the bed and said "oh i just couldnt wait until Christmas!! Here you go! Happy early Christmas!!" This was probably one of the best days i've had but it really let me know how much she loved me and i will never forget that.*
