“ So hard sometimes to find the right words. Garry and I reconnected a few years ago and I enjoyed trips to the old place for the July 4th celebrations. We would share memories of growing up in Nebraska City and we always laughed at how we each remembered the same event but in a different way. My sympathy and prayers for Aunt Sue and family. Uncle Garry will be missed.

“ Sometimes it is really hard to find the right words about someone you cared about. I am just so thankful that after years of not being in touch we were able to reconnect at the July 4th get togethers. We would visit and remember our days growing up together in Nebraska City and we laughed at how we each remembered certain events but in different ways. My sympathy and love to Aunt Sue and all the family. Uncle Garry will be missed.

“ Sometimes it is really hard to find the right words to express how we feel. I am just so grateful I was able to reconnect with Garry and Sue after so many years of not being in touch and to be able to go to the July 4th celebrations. We grew up together and he was just a couple years older than me so never thought of him as an uncle. On the July 4th visits we shared our memories of growing up in Nebraska City and we would laugh at how we each remembered the same event only in different ways. Much love and sympathy to Aunt Sue and the family. Uncle Garry will be missed.

“ My condolences to all of the Esser family. I had the pleasure of being an investigator and stationed in Columbus at the same time as Garry. We worked several cases together and shared a good laugh over some. Garry was a very good investigator.

“ I have fond memories of working with Garry when he was working out of Columbus. In the late afternoon/early evenings when he would walk to Susan's work place, he would walk past our house. Many times he would visit briefly. My youngest daughter was often there too. As was the fashion in those days her tennis shoes were always untied with loose laces. Garry would always make a comment about her shoes were untied and grin while waiting for her to explain to him (again) that she knew they untied and that was the way it was supposed to be. She had fun playing that game with him. He was a great co-worker and friend.

“ I am saddened to hear of Garry's passing. He was my polygraph supervisor and mentor. When Garry retired from NSP, I was promoted into his old position and we even bought his and Susan's GI home. Garry was a truly good man who will be remembered fondly by so many.

“ Esser Family- I was very sorry to learn of Gary's passing. I was a member of the 21st Training Camp with Gary. I didn't work closely with him after we graduated, but would run into him occasionally and always enjoyed his company. My sincere condolences to you.

“ I am blessed to have known and loved my Uncle Garry for my entire 76 years. He was truly a model and a blessing in my life and that of my Mother, Father and Sister. The Esser clan has lost the cement that helped to bind the extended family together. He hosted the annual 4th of July family gathering and celebration of Grandma Essers birthday at the home place for years. It was a good thing and I will miss him so.
