“ Hi it's Karen. I worked with Sue for years and spent time and had loads of laughs with them on many occasions. I remember fishing and cooking out and the kids running around. He's the only one who could cook deer steaks that didn't taste funky. Love those two and their family. It's hard to think of James not being on this earth. His calming voice and smiling eyes will be missed by so many. My heart breaks for his family. Love and big hugs to all. Karen & Mike~

“ I have many memories of brother James as we spent more time together on countless roofs than we did with our own family. James and I graduated roofing school together and had many laughs together. I miss my brother from another mother and have sent prayers to my Gods to send the Valkyrie to guide him home

and send comfort to his family.
