“ *I always will remeber Arnetta as a extremely loving and kind second Mom. I have never ever heard her be mean to anyone. She was always that special someone in the back ground always looking out for others and care very deeply for them and was sweet to everyone!!! She will be missed in the system of things. But she will be in the new World. I have always loved her and always will. My family didnt get to know her as well as my Mom and I did. But My husband Jeff knows what a wonderful person she was. and He loved her too. With lots of love Pam and Jeff Utterback also Michael and Amanda Utterback*
