“ *Barbara, I admired your strength, courage and fortitude. I appreciated how much you did to help others like Grandma Notie and Buck when they were ill.*

I remember when you used to fix Thanksgiving dinner at the farm for all of us with Orlena helping you when she was alive. There would be so much good food and fun. There were always about 20 different desserts. Then, after a big meal, we would go out and walk around the farm together.

I will miss you, Sister. Love, Debra
