

## Baylor Ann Sitton

December 29, 2018 - December 29, 2018

Baylor Ann Sitton said hello and goodbye to this world December 29, 2018 at 12:32 AM. 1 lb. 11 oz. of pure perfection and 12 1/2 inches tall with her mamas nose and daddy's ears.

Baylor is the daughter of Tanner and Heather (Morrison) Sitton.

Her paternal grandparents are Dennis and Shawntell Sitton and maternal grandparents Danny and Becky Morrison.

Baylor is preceded in death by many loved ones who are currently rocking her in Paradise.

Although Baylor had a short earthly life we believe it was full of purpose. Baylor brought more love to this world than some do in an entire lifetime. Baylor also helped us show our faith and spread God's word and we believe her story will continue to inspire others. A story of sorrow- but also of hope, love, patience, strength, and kindness.

We will strive every day to follow God's word and meet our baby girl again one day. Do you know you're going to heaven? Are you following the will of our father, using His word as your guide? Walking in the light as he is in the light? If you're not sure I encourage you to contact us and we will help you find the

way.

How encouraging it is to know we will get to be with our sweet girl again one day. In the words of her daddy, "She is too perfect for this earth."

Baylor, mommy and daddy love you. Two simple words that don't do it justice just how much. One day we will see you again.

On Angels Wings is an organization established in Springfield that provide support at no cost for families in our situation. They were there to capture pictures that we will treasure for a lifetime. In lieu of flowers we ask that you donate to this amazing group of people.

Funeral Services will be held for Baylor Sitton at Lindley Prairie Church on Tuesday, January 1, 2019 at 2 PM with a graveside committal to follow.

“ *Baylor you have the best parents and family I've ever known, and they Loved you SO MUCH. Sorry you didn't get to be with them very long, but GOD will hold you in his arms until you will be together again.*

*Heather and Tucker you are the strongest young couple I know. This was probably the hardest thing you have done, but your Faith and GOD will get you through this. I admire you both for following your Heart and Faith and doing things your way.*

*Love Hank & Dee Vasel*
