“ *Cass, I am sorry to hear about Bobby. He was a great guy and I really enjoyed working with him. I hope all is well with the rest of your family and that they can give you much needed support at this time. Take care and remember all the good times, especially those in Newberry Springs. Bob Hooker*

“ *Although I only met Bobby when I was a youngster, I often hear stories of the fond memories my mom and dad both have of him and Cassie both. I know that correspondence has recently taken place much more often - thanks to the ease of the "email" era. I know he will be greatly missed by both family and friends. My love and prayers go out to Bobby's family*

“ Dear Cass and Family, Our thoughts and prayers are with you. We loved Bobby and always enjoyed his great sense of humor. I still remember him telling me that his job was to use Windex to clean all those mirrors at So Cal Edison in Barstow. Much Love, Ann and Don

“ I met Bobby the first day I started with SCE at Coolwater Generating Station in 1980. He and John Graham were the instructors for my class of Operating Assistants. He was always there with help while I learned. We worked together off and on over the years. It isn't everyone who will tell his wife to get into their truck on their anniversary and drive into the desert to help a friend who got stuck on an isolated dirt road. Or take a bunch of drunk co-workers home after the bar closed to play cards on the porch with king-size cards (we couldn't read the numbers on regular size cards). Although he saw everything as black and white with no gray (Givers and Takers), he was always there for his friends. Even when he was playing practical jokes, he always meant well. He loved his wife Cass and family and was proud to be an American and have served his country. B.I., as he liked to be called later, was a true friend and could always be counted on. Like cowboys say, "I rode with him. I had no complaints!"

“ Cassie, Vince & Tabitha, Our prayers are with you. Loss of a loved one is never an easy thing to go through. I can only say by losing mom & dad, that time has a way of helping the pain ease a little as the days go by. We will always have those wonderful memories of Bob that will make us all smile. We love you and will be thinking of you. Ken & Kelly Coffman
