“ *I'm really going to miss you Brian. When you were growing up may have not always agreed on everything, but we respected each others views (except that Dodge vs. Chevy thing that I still say is wrong) and respected each other. I enjoyed our time together, our talks and our hunts, successful or not. Next deer season when Devin and I are out in the deer woods, tap me on the sholder and tell me where the BIG one lives...Love you and you are always in my prayers.*
