“ It is so very hard to lose a mother, even when the last years have been a great struggle. But Charlotte was one of a kind! Such a classy lady!! Classy was her middle name! Her laugh was unforgettable! She was a great educator and changed many lives for the better. That is a great tribute to be said of any one! I wonder what she is wearing in heaven? Do you suppose Jesus lets you glamour up your robe? Can we wear makeup? I’m sure we won’t need to—our shining faces will make adornment unnecessary!! It is so neat to think about her up there after she has suffered down here. It won’t be long until we see her again! We’ll be with her much more than we were before . . .

“ Truly loved singing with Charlotte in choir. We both sang alto, sat next to each other. I remember her being so concerned with me expecting at 46 y.o. Always wanted me to sit during performances. I always tried to convince her I felt great. Sweet mother heart. I will miss her.

“ I am so deeply sorry for your families loss. I could never put into words what your mom has done for my life personally. She not only believed in me when I was an expectant mom at age 16 but took me under her wing and guided me to get my GED when I had to quit school to have my son. She treated me like her own child and encouraged me to not give up. I remember taking Timmy to her house while studying for the test over and over. She would hold him. Feed him and play grandma to him. Watching over him as he slept and I studied and did the lessons she told me to work on. You had an incredible momma Michelle and Blake. She meant so much to me and she touched so many lives. I was so blessed to know her. My prayers are with all of you. Reach out if you need anything and know that I am here for all of you.
