“ We are so sorry to hear of Mac passing away. We have such fond memories of him. I worked with him at Town & Country for several years and became extremely fond of him and Betty. Bud told me stories of going to there store in Aldrich and buying pop for little of nothing and then taking the bottles back and getting money back for them. And the sandwiches they made were out of this world! I will always remember his smile and willingness to help and just to be there to talk to. He had such an energy to life. He would work all day at the lumber yard on Sat. and then Betty would have everything ready and they would take off and drive all nite to go somewhere. We just loved him so much and will miss him terribly. He was a big influence in our lives. Our best to the family and our love to Betty,
