“ *Doc and I spent many a day at Roadrunner Park playing round ball. It was some of the best times of my life. He used to tell me to just get in the paint and he would get me the ball. I can still see his two handed set shot. I was a paying customer at the office but he gave me many an adjustment right on the bench at the park. I have often wondered how to get back in touch with him since he left. I am very grateful to have seen the obituary to know that he is at rest. God Bless his family and rest in peace. Jack E. “ I met David many years ago when Dennis and I were students at Roosevelt School in Waterloo, Iowa. I wanted to extend my sympathies to you and your family in the loss of your husband and father, and also to Dennis, Cindy and their children in the loss of their brother, brother-in-law, and uncle. ----- Kendall Diehl

“ I was a classmate of David's in high school. He was always a model student and someone everyone quietly looked up to in high school. He was successful in his career as I thought he would be. Your family has my sympathies. H. Streeter Shining
