“ *Mrs. Vickers was one of my teachers and librarian there at Humansville. She was dedicated to her profession and to the numerous kids who had her as a teacher. She was also a friend to everyone. May God comfort you during this time with the knowledge we will be together again one day.*

“ *Mrs. Vickers was my second grade teacher, and Wesley was a friend of my parents. She helped to give several generations of kids a good start. Now she's with Wesley, and this world is a far better place because she lived. My condolences to her family, and my God bless and keep you.*

“ I was blessed to have Mrs. Vickers as my second grade teacher, also my son Mike and his wife Belinda had her as their second grade teacher. Mr. & Mrs. Vickers were also neighbors of my family in the Rosebud community. She was a very kind and loving teacher and friend. She will be greatly missed.

“ Our sympathies to family. K.B. had her as a teacher and good memories from that even tho many years have passed. Anita never did as I didn't start "town" school until the 4th grade and she taught 2nd. But, I always remember a warm friendly smile to all the kids and in later years if I saw her she still had that happy personality and I'm sure it was because Jesus Christ was her saviour; it makes all the difference.
