“ *I worked with Woody at Mueller for several years and stayed in touch with him when he moved to SFI. His love for fishing always gave us something to talk about. It was only about 4 weeks ago that he called me since we hadn't talked for awhile. I told him that I had been to Pomme and didn't have much luck. He actually gave up the location of one of his good fishing spots, I felt it was somewhat reluctant but we were good friends. I will always remember him as good humored and fun to be around.
Rest in peace Woody, you will be missed.

“ *My Sincere condolences to Doug's family. Doug was a great guy and everyone at SFI loved him. Doug worked for me for just over 10 years. I also worked with Doug at PMC for several years in Engineering. Doug always kept us in good spirits. Except for his work, he never took anything too seriously. One day before the last big election, he thought that I should show my support for the other candidate. So, he carefully (with temporary tape) put a bumper sticker on the back of my car. I drove it for a day or two before I figured out what was back there. Unfortunately for Doug, his co-conspirator, whose name was usually Keith Hammett, snapped a photo for the SFI history books. As always with Doug, it was always in good fun. Thank you for sharing Doug with us at SFI for these past years.*

“ Still hard to believe Woody has passed on to a better life. Knew him for decades, first at PMCO then at SFI. Both being in the engineering department, it was easy to mess with one another, and we did. I honestly don't think I knew anyone who didn't like him, he was just big ole country boy who loved his overalls, hunting, fishing, HIS KIDS and GRAND KIDS.. Oh the stories that man would tell, to be told on another day. We'd all be laughing. Life is short, no one is promised tomorrow as Woody has just proved. Love one another, and make sure to tell the one's real close.

To Doug's kids, I am sorry for your lost, I seriously am. Life has just changed dramatically for you all, but your all strong and will get even more stronger. Your dad was a good man take this to heart for the rest of your life.
