“ *You were my special aunt that lived so far away, but would always call me if we had an earthquake here in California just to make sure I was ok. Both times I visited you and the rest of my family hold a special place in my heart. My grandson Billy can never forget how you had contacted a radio station, just to wish him a happy birthday. Enjoy your family reunion in heaven and we will miss you till we can see you again. Love your niece in southern California Barbara.*
