“ *Deno, you were one of my oldest and dearest friends and you are truly missed so very much. We had some good times growing up and talking and laughing about those times as we grew older. My wife and I did not get word of your passing till after the funeral and we feel so sorry we were not there, BUT YOU did know how much we cared for you. We both were battling cancer the same time and we were not able to see each other as often since then. My friend you are so missed. Until we meet again, Lee*

“ *Mr. Robertson was one of my patients at the cancer center...my co-worker and I loved getting to see him everyday and visiting about the Cardinals and the Royals. He was such a sweet person that will be missed around the center!*
