“ *I spent some wonderful summers in MO at the Courtney dairy farm. Our families were friends from Air Force travels to Pakistan. My father was Red Harrison KE5HO. My condolences to the family. Randy and L. I just learned of Harmon's passing.*

“ *"Court" was one of my mentors. Of course I never told him that. He showed us how to get along with an obvious adversity like it didn't even exist. Always smiling. Always willing to be there and often with good advice. Many probably don't know but I thought he was a good fiction book writer. He wrote several that I had the pleasure of reading. I don't know why he never published.*

I was part of his Ham radio group along with my Dad, Max, Paul, Norm and a few others. Every morning at 6AM 3832KHz we all got together and solved to worlds problems. We all had good times going fishing together or taking trips to Dayton, OH for Hamvention days.

It was our pleasure to have known him.

“*"Court", KB0JO, was a wonderful ham radio buddy, a great Missouri State Lady Bears fan, and just plain good friend. I knew him by radio before we moved to the Ozarks 35 years ago. We both had exciting Air Force careers and were known to do some bragging about our exploits. I will sorely miss Court. My wife, Delys and I spent many good times with Court and Peggy. Randy and all, please accept our sympathy.*
