“ *I always had the highest regard for Jim's integrity, intelligence and work ethic as we both worked for P&G at the Kansas City plant. Rest in peace, Jim.*

“ *I remember Jim when he first joined the PLD dept. and on the evening shift it was time to have our fix of pop corn but Jim saw that as something we shouldn't do so he came around and started collecting our pop corn. As we all watched Jim take our fix away he was informed that we always have our pop corn on the late shift but that did not deter Jim but it didn't take long before Jim came around and joined in on the fix but only after he was given the name Pop Corn in retaliation. On occasion as a reminder we would call Jim pop corn and he would reply I wont do that again. RIP Jim, we all enjoyed working with you.*
