She will be greatly missed, I can't imagine finding anyone that can fill her shoes. Jennifer greeted any problem as she seemed to greet life, a smile - work through it - make a joke and have an awesome rest of the day! I loved that most about her.*

“ Jennifer was such a wonderful person, that I definitely don't have to tell anyone that was blessed enough to know her. So hard to believe she is gone. So sorry for her friends and family. “Tears today for this extraordinary woman. More than a mentor to me; she helped shape who I am. For so many years she lovingly taught me all the ends and outs of my trade. And she did so with a beautiful light in her heart. Everyone loved her! She would light up a room with her smiles and then have you in tears from laughing so hard. She was a great support to me. When I interviewed for this job she chose to be there. She spoke highly of me to help me get that job. And years before this and after, she was the one I went to, to help me solve the really big problems. This woman shaped the lives of many. She improved nursing homes in many cities and states. And most importantly improved the lives of the sick and down trodden. Extraordinary beautiful soul. I will miss her so much. 💖💖💖
