“ I will be 47 years old on Monday, and one of my first memories from my childhood is of Joe Davis. I remember (when I was 3 or 4 years old) him sitting at the kitchen table in our "old" house visiting with our dad as I shyly peaked around the corner at him. He watched us grow up (from babies to adults) as he visited almost yearly for deer season. We always looked forward to him pulling up with his camper. He was a kind soul & a good friend to our dad. Not only was he like an uncle to us, there is a nostalgia that his name resonates. My deepest condolences to his family & heartfelt thanks for sharing him with our family for so many years!

“ I have a lot of treasured memories of Joe coming down to Houston, Mo and deer hunting with my dad, Bob Miller. He treated all of us kids so good and we always thought of him as an uncle. Thankful for all those times we had and the few times as an adult I was able to visit with him. Thanks for sharing your dad girls'.. If you are on Facebook or any of your family, look us up. Much love, Tiffany Miller
