“ *Dear Christie and Tony, My heart goes out to both of you. You are among the finest young couples I have ever met, or any age for that matter. The Lord knows what is best for us and you both know His ways are higher than ours and His wisdom beyond our comprehension. I say that because I don't understand why you had to go through the loss of a child but can only say we must trust in God at all times. I have been praying for the Lord to comfort you as only He can and to grant you a healthy child some day. I know both of you will be great Christian parents when the Lord decides it is time. I look forward to seeing you in Church again. May God Bless both of you and all who are suffering Joseph's death. Love both of you, Andy*
