“ My husband and I are saddened to hear of the passing of Larry. I run by your land almost daily because it's so beautiful and it relaxes me. I tell my friends it's the best running view there is! After meeting Larry one day while he was driving by on his ranger I could tell he was a kind soul and such a hard working man. I only had a couple conversations with him but it's enough to know your family will be missing him dearly. Sending big prayers your way.

“ So sorry bi have many good memories of Larry growing up. I remember working in the plowed field with him behind two work horses. We fished a lot together when we were young. Our moms would take us fishing before we could drive. We picked Barrie’s together. I accidentally hit him with a rock one time when he stepped in front of of my throw. For breakfast he would eat cold leftover fish and drink grape soda. He was a great cousin to my sister and me growing up. By Michael Ryser
