“ *Hi J.D. I am a Wyoming friend of David and Sally. I made a copy of your Mom's Obit. David so wanted one. I am not sure when this happened but I am thinking first of March-David and Sally were attending a church service in the nursing home and David told Sally that Lillian was looking at him thru one of the Chapels Window and she was singing to him. Isn't that something? I think they both were thinking of each other and she came thru. David does well and then he has spells were he is near death but he rebounds and is good to go. He looks like your Mom but just not as good. Being 100 is hard on ones self.*
