“ For Nadia,

I truly adored Nadia, So sweet and caring, always thinking of others. It was a blessing to be able to take care of her. She would hardly ask for help because she knew we were so busy, I told her often we love to help her. There would be many times I would be in her room helping her, and would just sit with her talking with her on many occasions. We would talk about alot of things. She was a wonderful women. It broke my heart to hear the news, as I was off work and didnt know . I regret that I couldnt talk with her one more time to tell her bye. She gave us CNA's little angels for gifts for taking care of her because she appreciated it so much. She was an angel herself. I am blessed to have her angel in memmory of her. We developed a bond , more than just being her caregiver. The last time I saw her she gave me her love as I gave her back mine. I will miss her dearly. She is now my angel. And I am speaking in behalf of all the people in the facility. We all loved her, and was a favorite to many of us. Im very sorry that she had to go home. But I know thats whare she want to be, with her daughter. She will be so missed. I will always be thinking of her.
