“ Grandma, I am going to miss you more than you realize. You were an inspiration to me. You never let life get you down, you took what was dealt to you and you made it work. I am so blessed to of had you in my life for as long as I did.

*Right now I am thinking of all the things that I wished I had done with you and remembering all the things that we did do together.*

*You taught me how to fish and crochet. We did ceramics together when I was younger. And all of the games that we played! I will never forget playing with you and removing your man from the board and you looking at me and saying "OH....and spelling the expletive word that you were wanting to say, like I didn't know how to spell at 50 years old.*

*Or the many times that you would come to the house and our pet raccoon, Squealer, would hide behind the couch waiting for you to walk by so he could jump out and grab your leg!!!*

*You taught me so much about life. I will always cherish every moment that God blessed me with you and am going to miss you dearly!*

*She was a very special lady. Thoughts and prayers are with you*
