“ *Dear Carolyn, Hello to you and your family. Please accept our condolences on the loss of your father. We adored his kind spirit and independent nature. He was a wonderful neighbor and beloved friend to us. I can never replace our long conversations of gardening, flowers, your mother, and life experiences! When we moved away....I knew that I would miss him most of all and thought of him often!! Each fall I think of him.....raking leaves....crawling inside the mulch pile....he was still so agile and active! Then every spring he would help me till my garden....what wonderful memories I have for our time in Bolivar..! My dear friend will always be in my heart along with many cherished memories! Godspeed, Sandy & Chance Ray*
