“ verda,

After all of those years of not knowing each other, I am so happy that you and my mother (Jewell fulbright Morris) were able to enjoy your later years as the sisters you truly were. My parents so enjoyed you and your family. Seeing your picture again made me realize how much you and my mother looked alike--it must be the fulbright genes. Although I didn't get to see you often, I have always known you are my aunt. I appreciate all you did to help me get to know the fulbright family. I have always felt that something was missing in my life when I didn't get to know my grandfather fulbright--you helped me overcome part of that due to your sharing of the love that was a part of the fulbright family.

I'm sorry that I won't be able to attend your service but you, Charles, Debbie and the boys will be in my thought and prayers at that time.

Love, Barbara
