“ I worked many years with Vicky when she was a security guard in Manhattan. She dearly loved her children and step children, and adored her grand children. She regaled me with stories and pictures time and time again. She loved it when her friend Sandi came to visit from Texas, and they played cards for hour upon hour. We spoke many an hour about the Lord, and she was at peace with Him. I will miss you Vicky, you were a sweet lady.

My condolences to your family, they were much loved.

“ I am so deeply saddened by the news of Vickie's passing. I just saw her before Christmas and although she seemed tired she immediately shared a smile and a sweet hug. It was always so heartwarming to see Vickie and visit. She had such a genuine spirit and love about her that was contagious. I knew her through Farm Bureau and I cherish that part of my life building life long friendships with all the wonderful people that made up that organization - like Vickie. As she watches over us from Heaven above I feel comforted by the knowledge I will see her again one day.....and she will greet me with a smile and a hug. My deepest sympathies to the family.

“ I had the pleasure of working with Vickie many years ago at Farm Bureau, and the joy of reconnecting with her at Susan B. Anthony Middle School in Manhattan. She was a lady who knew no strangers, and her kindness was felt by all. She will be missed. May you find comfort and peace in the days to come.

We had the pleasure of meeting Vickie when she came to visit Miles and Corine. She was such a bright light in her grandchildren's life. We enjoyed them in our backyards while visiting with her. Our prayers are with all of her family and friends as I know she will be missed terribly.
